

Drone Photography Portfolio Template Suggestions

1. Website Templates (Hosted Portfolios)

- Squarespace: Wells (minimalist), Quincy (categorized galleries), Novo (modern scroll)
- Adobe Portfolio: Thomas (clean grid), Lina (narrative + visual layout)
- Pixieset: Avery or Willow themes for sleek, client-ready galleries

2. Downloadable/PDF Portfolio Layout

Page 1: Cover

- Title, tagline, logo/headshot, contact info

Page 2: About / Services

- Short bio, service list, certifications, testimonials

Pages 3-6: Visual Samples

- Group photos by category with captions (real estate, scenic, mapping, etc.)

Final Page: Call to Action

- Contact info, social links, optional QR code to booking or full gallery

3. Tools for Creating Your Portfolio

- Canva: Use drag-and-drop photo portfolio templates (free + paid)
- Adobe InDesign: Advanced custom layouts for print or PDF
- Google Slides / PowerPoint: Great for creating shareable digital decks
