

Referral Request Card Template

A simple message you can send or print to ask for referrals.

Hi [Friend's Name],

I'm growing my drone photography and video business and looking to connect with people who might need stunning aerial content - like real estate agents, event planners, marketing teams, or small business owners.

If you know someone who might benefit from eye-catching drone visuals, I'd be so grateful for an introduction or a quick share of my contact info.

Here's my portfolio: [Insert Link]

And here's my number/email: [Insert Contact Info]

As a thank-you, I offer a \$25 referral credit or free photo add-on for every booked referral.

Thanks for thinking of me!
