Subject: Quick Favor - Could You Share Your Experience?

Hi [Client Name],

It was such a pleasure working with you on [Project/Property Name]! I'm always looking to improve and grow my business, and a short testimonial from you would mean a lot.

If you're willing, a sentence or two about your experience working with me and the final results would be fantastic. Something like how the drone shots helped your listing or made your event extra special.

Thanks again for trusting me with your project!

Best,

[Your Name]
